FIRST FRIDAY FORUMS

HOURGLASS FIRST FRIDAY FORUMS

Highlights From the Last Quarter

August 2, 2019 - City of Lancaster Public Arts

Presenter: Joanna Davis

During this First Friday Forum, Joanna Davis (City of Lancaster Public Arts Director) provided an in-depth look at the City of Lancaster's Public Art Department. The City Public Art Department has undertaken a wide variety of public art projects. For example, the department worked with the West Lancaster Jewels organization and artist Justin Jones to create a mural in an intersection in the SoWe neighborhood. Another example of a unique public art project was including community members in the design of the Water Street walkable/bikeable thoroughfare running North and South in the City.

September 6, 2019 - Housing in Lancaster County Part II

Moderator: Ray D'Agostino **Panelists:** Richard Boas, Ethan Demme, Randy Hess, Rick Jackson, and Randy Patterson.

This Forum was a sequel to the extremely popular Housing Forum the Hourglass held in April 2019. The April forum focused on the housing challenges; the August Forum focused on the solutions. The solutions included: a systematic evaluation of housing regulations to reduce, eliminate, or simplify the regulations; establishing Accessory Dwelling Units as by right zoning; and abolishing single-family zoning in favor of higher density, multi-family housing.
